FYI if you're interested in seeing the press of the Oregon CZARA decision.

Subject: FYI: Press Releases from EPA/NOAA & NWEA; Press Articles

Hi All,

JB wanted to know if anyone was collecting press articles. As far as I know, there is no formal collection; however, the managerial and technical teams have been sharing articles (and opinions on those articles). FYI I have attached the press releases from EPA/NOAA & NWEA and various articles from the press. Most are very similar in content. Joelle and Christine did a masterful job working with the report to correct major errors from an early version of the Oregonian's article.
